

Love's a Wheel

Love's a wheel
Spin it 'round
Take your chances
Or so I've found
Love's a wheel
A game of chance
A game of heartache
And romance

Love's a wheel
Spin it 'round
It'll lift your feet
Right off the ground
Paint the town
Paint it red
Love's the thing
Goes to your head

Love's a wheel
Love's a line
Love's a verse
With no rhyme

Love's a wheel
Love's a line
Love's a verse
With no rhyme

Love's a wheel
Watch it spin
It'll let you out
Then reel you in
So you thought
It's a real good thing
Placed your bet
On a wedding ring

Little fingers
Great big eyes
Tell you stories
With no lies
Love's entwined
Around this heart
Keeps the pieces
From falling apart

Love's a wheel
Love's a line
Love's a verse
With no rhyme

Love's a wheel
Love's a line
Love's a verse
With no rhyme

Love's a song
To sing someone
But it's a fire
As hot as the sun
Burn the soles
Right off your feet
If you're not careful
Around love's heat

Love's a wheel
Love's a line
Love's a verse
With no rhyme

Love's a wheel
Love's a line
Love's a verse
With no rhyme
